## Fuel Management System

### 1 Hardware

Fill-Rite FMS hardware is compatible with most existing fuel pumps and meters. Installation is quick, simple and designed to scale with your business needs.

#### Low cost, full featured

The NXFM100 is a fraction of the price of existing fuel management systems thanks to modular components and ingenious software hosted in the cloud.

#### Easy, modular installation

Designed for both fixed and mobile applications, our hardware is compatible with most pump and meter brands and types and may be installed in as little as one day. The modular design easily scales with the growth of your business.

### 2 Mobile App

The Fill-Rite FMS mobile app provides a portable, intuitive system for authorized users to access pumps.

### 3 Web Portal

Fill-Rite's web portal serves as your all-in-one fuel dashboard. Check inventory, run reports, and manage pump permissions from one place.

#### Use the technology you already have

The app works with the Android and iOS devices you use every day. No more cards!

#### Secure your pumps

Fuel access is gated behind driver-specific pin codes, helping protect you from theft and unauthorized transactions.

#### Say goodbye to pen and paper

All transaction data is uploaded to Fill-Rite FMS's web portal, saving you the hassle of tracking down hand-written transaction sheets.

#### Customized, automated reports and paperwork

Collect the information you need at the pump to auto-complete reports and **off-road fuel use tax forms**.

#### Instant visibility into all your tanks

Check inventory levels and set permissions from one dashboard.

#### Cloud-based software for access everywhere you work

Your fuel data is available any time, anywhere, on any computer through your Fill-Rite FMS account. View real-time transactions and push out automatic updates to prevent fraud and control fuel use.
